Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on May 1, 2007 has been entered.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on May 1, 2007 was filed after the mailing date of the Notice of Allowance on April 6, 2007. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the examiner has considered the IDS. U.S. Patent 5,744,780 is irrelevant to the claimed field of invention and, therefore, was not considered. The examiner was unable to determine the correct number for the Chang patent. The remaining listing of the references was found not to affect the patentability of the claimed subject matter.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. David Weisberg on March 30, 2007.

The application has been amended as follows:

Claim 1, line 6, after "condensing" inserted – in a condenser --; and

Claim 18, line 2, deleted "said" and replaced with – an --.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the applied prior art of record to Kuechler et al. (6,482,998) does not disclose the claimed step of providing a liquid, oxygenate-rich stream comprising at least 20 wt% oxygenate into a fractionation tower.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to In Suk Bullock whose telephone number is 571-272-5954. The examiner can normally be reached on Monday - Friday 6:00-2:30.
